Presents: Barbee Teasley
Media: Paitings
Description: This series attempts to represent the feelings of hopelessness and despair that can come from doing repetitive tasks that feel meaningless and unrewarded. In particular, I portray a 1950's Eisenhower-era household. Fried eggs represent blighted hopes and dreams..What could have become a new life has been sacrificed for the sake of and nourishment of others. Reality is seen through altered consciousness, and trivial chores become monumental.
